CVJV Drought letter re refuge water supply allocations May 5 2014.pdf

Dear Friends:

I wanted to make sure you received the attached letter that was sent to top federal and state officials in California last night by the Management Board of the Central Valley Joint Venture urging full compliance with the CVPIA requirements protecting federal, state and privately managed refuges. As you know, the CVP has not yet updated its allocations for the South of Delta, including the various refuge areas within the Grasslands complex, so these areas are still at a 40% allocation while some very junior CVP contractors (e.g. Stockton East) are at 55%. There is some indication that the allocations may be revised later this week.

Hal Candee

Subject: CVJV Refuge Water Supply Letter

Greetings,

Attached is a letter from the the Central Valley Joint Venture Management Board regarding concerns over the potentially serious impacts to the refuge water supply for the CVPIA refuges from recent federal and state water allocation and operations decisions.

I am forwarding this to you on behalf of the CVJV.

Regards,

Kim Delfino
